Medical Treatment

I agree that medical and dental treatment may be given to my son/daughter as necessary, including the administration of a general anaesthetic and to surgical operations in the case of emergency, in accordance with the recommendations of a qualified medical practitioner.

The school has arranged insurance for pupils taking part in off-site visits. The policy covers personal accident, loss of personal possessions, medical expenses and the cost to parents visiting their children if they are detained in hospital away from home.

The school accepts no responsibility for accidents or injury to pupils or for loss of or damage to personal effects, unless caused by the negligence of its staff

Parents/carers must ensure that the school has telephone numbers (day and night) at which they can be contacted in case of emergency, in particular should urgent medical treatment be necessary.
